

## HANDHELD NETWORK TEST

### WiFi Network Solutions

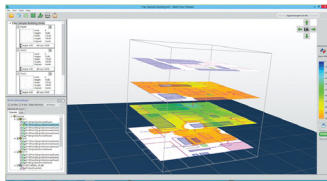

Wireless planning, deployment/validation & troubleshooting

	Plan	Deploy & Validate	Troubleshoot	
	AirMagnet Planner	AirMagnet Survey	AirMagnet Spectrum XT	AirMagnet WiFi Analyzer
<b>Features</b>	<p>Plan AP placements before installation</p> <p>Use the right number of APs to get the job done</p>	<p>Visualize RF coverage in a site</p> <p>Collect real world performance data</p> <p>Map interferers both Wi-Fi and non-Wi-Fi*</p> <p>Simulate "what-if" scenarios after the fact</p>	<p>Identify and locate interference sources impacting WiFi networks</p> <p>Automatically classify each interferer using the industry's largest classification database and auto pattern recognition</p> <p>Visualize key RF spectrum parameters</p> <p>Determine the impact severity of each interferer</p> <p>Detect radar on DFS channels in 5GHz</p>	<p>Troubleshoot 802.11a/b/g/n/ac networks anywhere a problem occurs</p> <p>Automatically detect hundreds of performance and security issues</p> <p>Get visibility into WiFi traffic, signals, and performance where users are located</p> <p>Perform testing independent of network infrastructure; no AP downtime</p> <p>Generate Wi-Fi security compliance reports</p>
<b>Users</b>	Network Engineers	Network Engineers	Network Engineers	Network Engineers

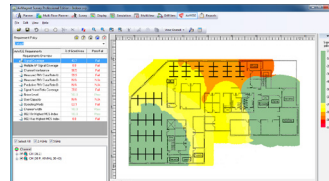

\* Non-Wi-Fi requires AirMagnet Spectrum XT

\* Note: 1st year Gold support is required and must be purchased seperately.

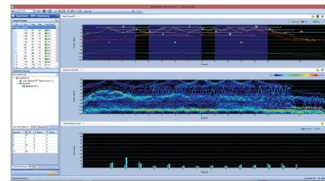

**AirMagnet Planner**

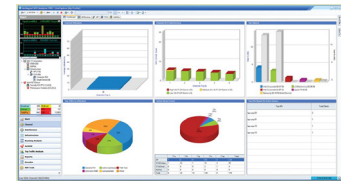

**AirMagnet Survey**

**AirMagnet Spectrum XT**

**AirMagnet WiFi Analyzer**

For a fully functioning evaluation of the product or additional information, please call **408-585-6400** (option 1 for sales) (US/Canada) or **978-320-2150** (other locations) or email: [info@airmagnet.com](mailto:info@airmagnet.com)

**Don't forget to add Gold Support for your products!**

Gold Membership is a comprehensive maintenance and support program. As a Gold member, you are entitled to the advanced technical support you need to fully troubleshoot the complexities of your network and your registered equipment will always be up-to-date with the latest software releases. 3-year Gold provides a 10% discount off current Gold pricing.
